

"We can finally get to those jobs that always get put off now that my staff doesn't spend half their time managing paper."

Go beyond the basics - scan, file and retrieve with e-BRIDGE Document Library for Administration.

Introducing an integrated document archiving tool optimized for the collection and storage of general business documents. This state-of-the art software allows employees to easily scan, file and retrieve electronic and paper documents such as letters, faxes, emails and more.

WORK SMART

Documents are digitized and filed right at the MFP. Eliminate time wasted manually filing and retrieving documents, and locating misplaced paperwork.

Administration

Where's that file?

Quickly and easily retrieve any document associated with your business. Search by company name, date and document type. Or find documents using a single word or phrase with full text search capabilities.

Information is immediately available for printing, faxing and emailing. Employees and customers alike can be allowed password-protected access to frequently requested information, increasing productivity.

How much did it cost to manage?

Reduce administration expenses, paper and printing costs, and storage liabilities.

e-BRIDGE Document Library for Administration is web-based, eliminating the need for costly implementation.

The familiar internet search engine interface allows your employees to immediately begin using the application without expensive, time-consuming training.

I need more room!

Put an end to expensive and environmentally unfriendly paper trails.

Gain valuable office space by removing the need for space-wasting filing cabinets and storage rooms.

Improved workflow enables your employees to spend less time manually managing documents and more time pursuing profitable projects that can grow your business.

e-BRIDGE Document Library goes beyond the one-size-fits-all solutions that come packaged with most MFPs. For the same price as a basic application, e-BRIDGE Document Library delivers a feature-rich intuitive solution. So not only is it simple to use, it makes perfect sense to own.
