

"Prior to scanning our documents, the end of the month was full of time consuming customer requests for information. Now it is just a click of the button away."

Go beyond the basics - scan, file and retrieve with e-BRIDGE Document Library for Finance.

Introducing an integrated document archiving tool optimized for the precise and timely information needs of the finance industry. This state-of-the art software allows employees to easily scan, file and retrieve electronic and paper documents such as invoices, purchase orders, financial reports and more.

WORK SMART

Documents are digitized and filed right at the MFP. Eliminate time wasted manually filing and retrieving documents, and locating misplaced paperwork.

Where's that file?

Quickly and easily retrieve any document associated with a transaction. Search by client name, client number or date. Or find documents using a single word or phrase with full text search capabilities.

Information is immediately available for printing, faxing and emailing. Improve customer service and shorten collection cycles by providing prompt answers to customer queries. All information is password-protected, ensuring privacy, audit and compliance standards are met.

How much did it cost to manage?

Reduce administration expenses, paper and printing costs, and storage liabilities.

e-BRIDGE Document Library for Finance is web-based, eliminating the need for costly implementation.

The familiar internet search engine interface allows employees to immediately begin using the application without expensive, time-consuming training.

I need more room!

Gain valuable office space by removing the need for space-wasting filing cabinets and storage rooms.

Improved workflow enables your employees spend less time manually seeking and retrieving documents and more time pursuing profitable projects that can grow your business.

Put an end to expensive and environmentally unfriendly paper trails.

e-BRIDGE Document Library goes beyond the one-size-fits-all solutions that come packaged with most MFPs. For the same price as a basic application, e-BRIDGE Document Library delivers a feature-rich intuitive solution. So not only is it simple to use, it makes perfect sense to own.
