

# Toshiba Audit

- Do you know how much your printers are costing you?
- Do you know how much your business spends on toner?
- Do you know the cost of each page you print?
- Do you have a current asset registry of your print fleet?
- Do you know how much you spend servicing your printers?

**Toshiba Audit has the answers, and can save you money!**

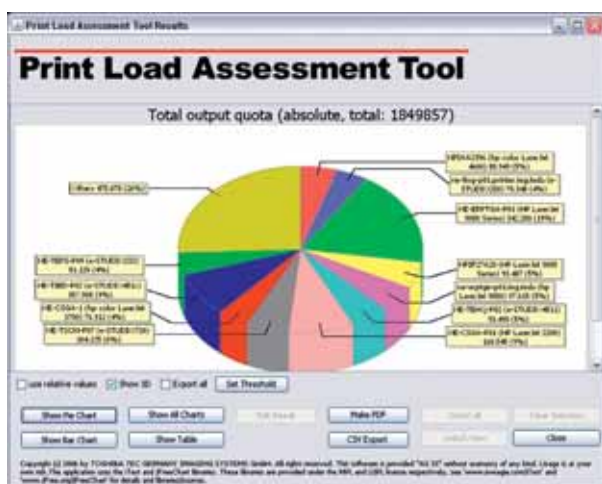

Software Solution

**TOSHIBA**  
Leading Innovation >>>

# Toshiba Audit

Using the latest software, **Toshiba Audit** is able to provide your business with a detailed report of your current printing situation including an asset register, monthly volumes, monthly costs, colour ratio, and cost per page.

This is an example of a detailed report produced by Toshiba Audit

Using this information, the Toshiba Audit will help you to:

- Save money by reducing your cost per page
- Identify devices that are being under used or not being used to their full potential
- Reduce your servicing costs and improve efficiency by consolidating various printers into one Multi-Function Device
- Discover any redundant devices on your network
- Access all the enhanced functionality that is built into every new Toshiba MFD

## So how does it work?

Using the specialised tools, your Toshiba representative will collect device usage statistics from your site, then after a detailed analysis we will provide you with a series of reports and recommendations of how we can make your business more efficient and save you money at the same time.

## MINIMUM HARDWARE REQUIREMENTS

Pentium III 800 MHz or comparable  
256 MB RAM  
Network Card 10 MBit/s

## RECOMMENDED HARDWARE REQUIREMENTS

Pentium 1 GHz or comparable  
512 MB RAM  
Network Card 100 MBit/s  
USB port

## SUPPORTED OPERATING SYSTEMS

Windows 2000/XP/2003 server

## TECHNICAL REQUIREMENTS

Printers/MFD must be networked and support SNMP protocol in order to be detected.

SNMP communication must not be blocked in the network.

## DEVICE DATA COLLECTED\*

IP address  
DNS name  
Printer name  
Serial Number  
Vendor  
Model  
Total counter  
Total counter black  
Total counter colour

\* may vary depending on the device type

## DATA PRESENTATION

Graphical presentation as bar or pie chart  
Display in table format  
Export collected data to csv (table) or in a report style as pdf.
